

The image shows a vertical rectangular template for a watercolor sketchbook cover. It features a central blank white area surrounded by a decorative border. The border is composed of soft, blended watercolor washes in shades of green, yellow, and pink. Interspersed within these washes are delicate botanical illustrations of branches with green and reddish-brown leaves and small clusters of berries. The overall style is soft and artistic.

How to Use These

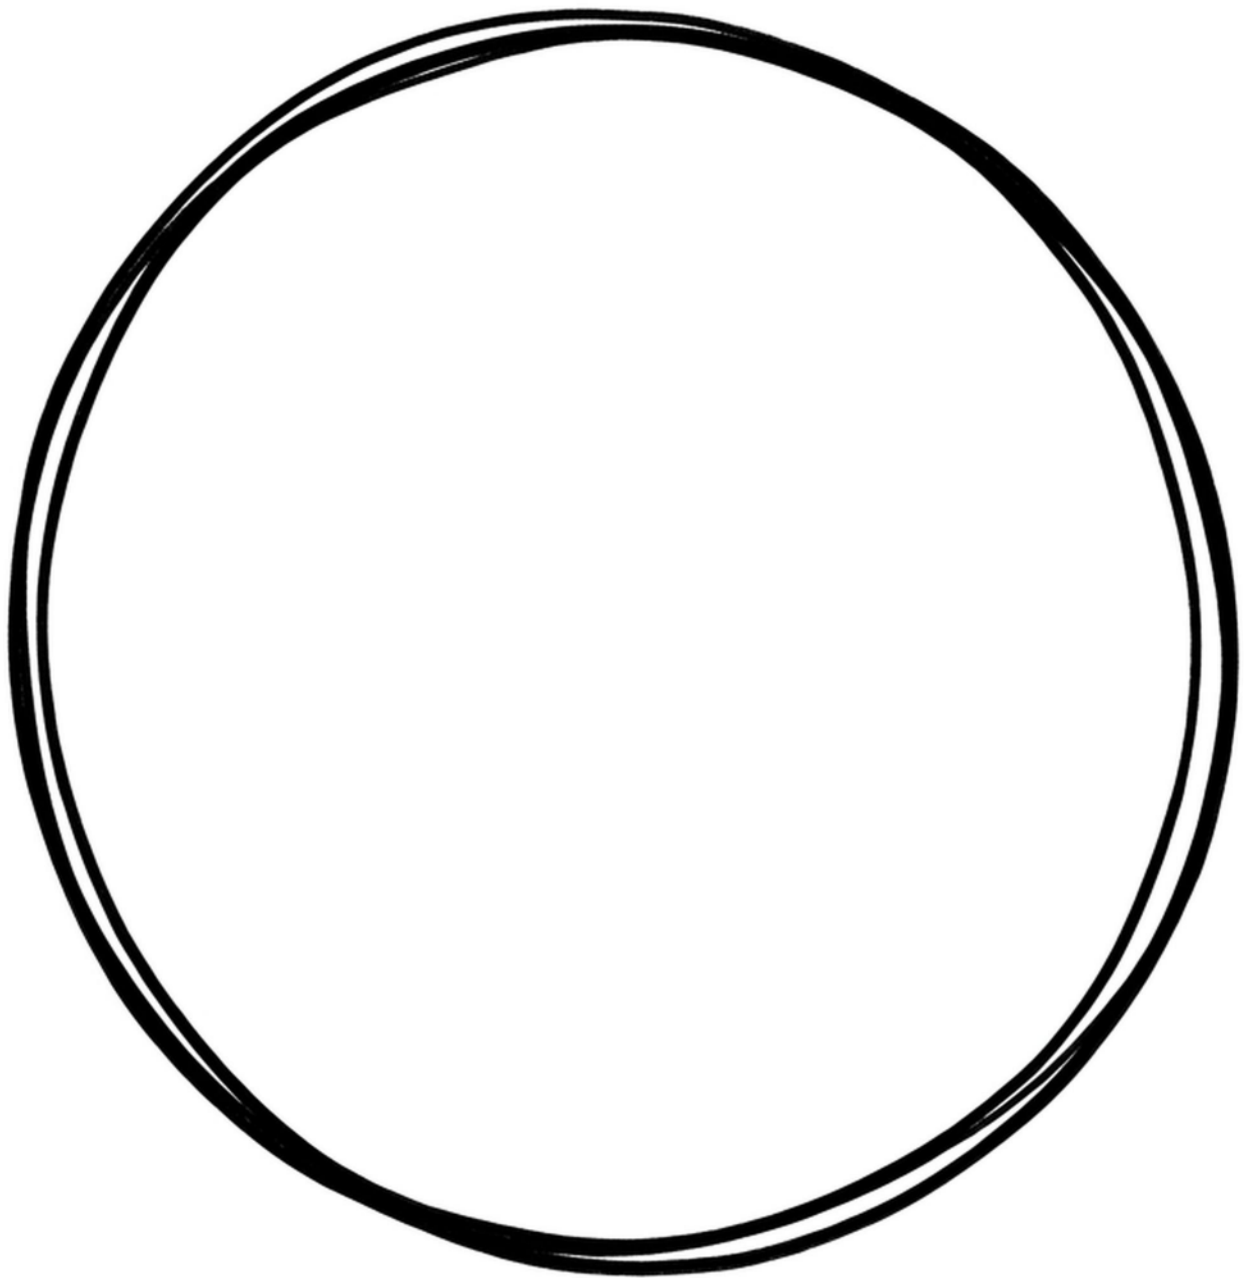

a few gentle tips

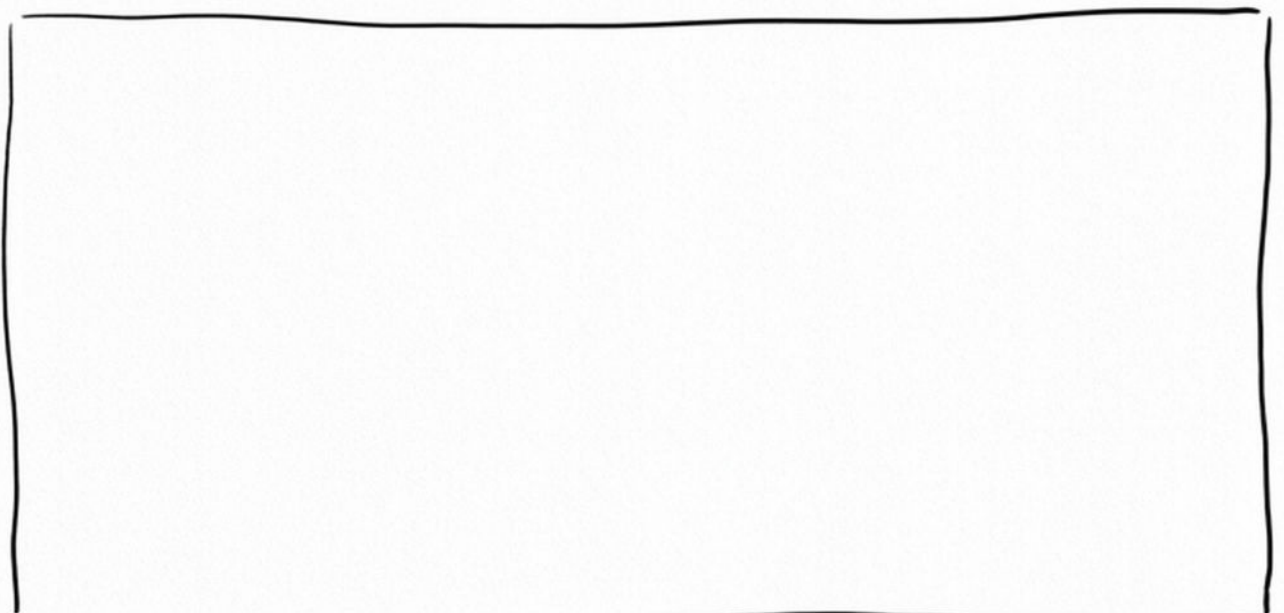

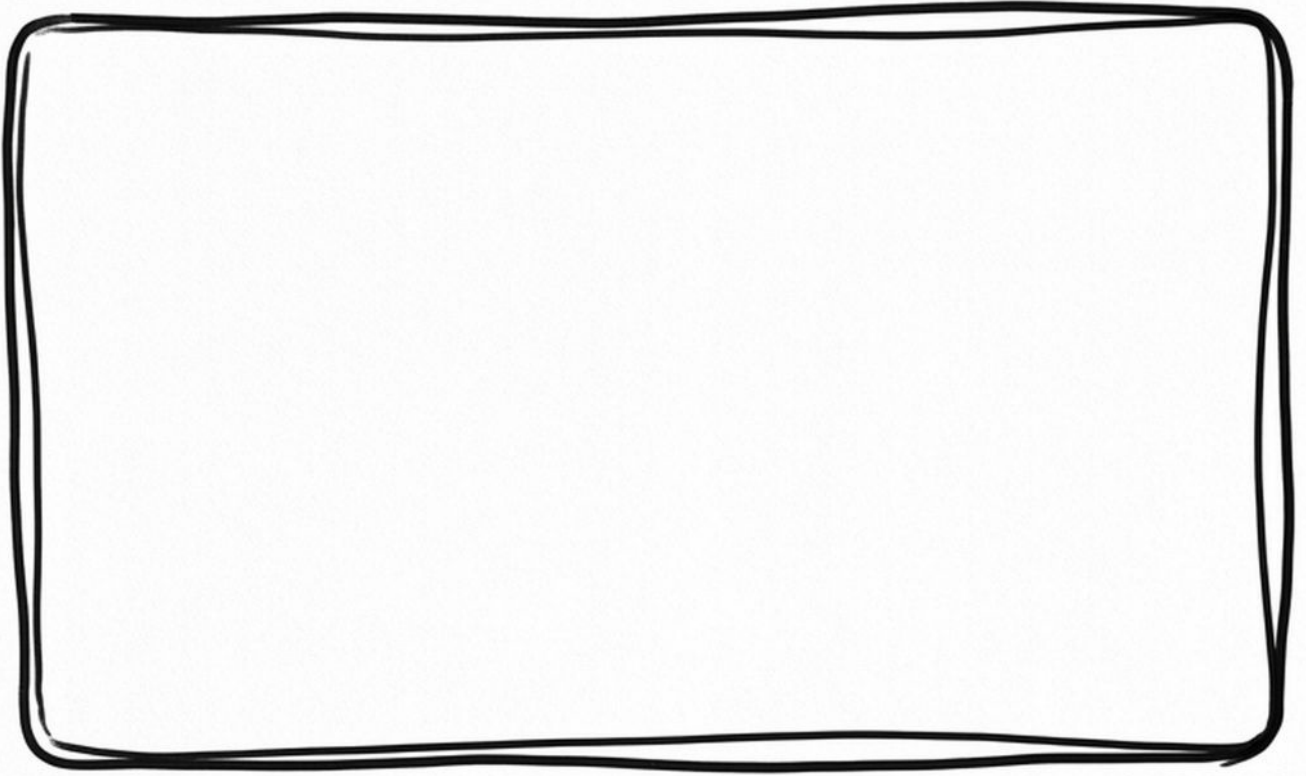

1. Print the page you like on plain or watercolor paper.
2. Fill the shapes and panels with loose watercolor washes.
3. Let each layer dry — don't overthink it.
4. There's no wrong way. Play and enjoy the process.
