How to Use Your Templates

Printing

Print at 100% (actual size) on A4. On US Letter, choose "fit to page" and the design shrinks a touch to fit. For smaller pieces, set the scale to 50% and fit two on a sheet.

Coloring and painting

Colored pencils and markers work on plain printer paper. For watercolor, print on thicker paper or card (200 gsm or more) so the page doesn't buckle.

Cutting out

Print on thin card (160-200 gsm) and cut the shapes out for card toppers, a paper garland or a classroom display. Punch the hole on the gift tag and thread a ribbon through it.

Tracing

Tape the page to a bright window or a light pad, lay your paper on top and trace. Or scribble soft pencil on the back, flip it over and go over the lines to transfer the outline.

Mix and match

Color the hat, beard, belt and boots separately and glue them onto cards, paper plates or a big Santa on the wall. Scale them in your print settings so the pieces fit together.

Personal and classroom use. Please don't resell or share the files themselves.

Loved making these?

My Patreon is where my weekly watercolour template sets go out to members: printed outlines with painted references, plus Procreate stamps and palettes.

If you'd like something new to make each week, come and join me.
