MADE FROM THIS KIT

A Stitcher's Christmas has 75 printable pages: cosy fireside and sewing-box scenes, patterned papers, journaling pages, cards, tags, cut-outs, word labels, envelopes, pockets and fold-up extras, plus a set of quiet background papers for layering.

It's the first kit in The Workbasket, my new collection of needlecraft Christmas junk journal kits. You'll hear about it in my newsletter the week it's ready.

See it on the blog:
