How to add the palette

1. Download the file Happy_Little_Clouds.swatches on your iPad (the link is in your email).

2. Tap the file in the Files app, or tap Share and choose Procreate.

3. Procreate opens and adds 'Happy Little Clouds' to your Palettes.

4. In any canvas, tap the colour circle, then Palettes, and set it as default if you like.

Tip: a wet-on-wet look comes from soft round brushes at low opacity, building the sky first and working forwards.

I hope you love these!
