How to use your templates

1. Print

Print at 100% (Actual size) on A4, or choose “fit to page” on US Letter. Plain printer paper is fine for colouring and tracing; use 160 to 200 gsm card for cut-outs.

2. Trace

Tape a template to a bright window, or use a light pad, and trace it onto your own paper. To transfer onto thicker paper, scribble soft pencil over the back, flip it and go over the lines.

3. Colour or paint

Penguins are mostly black and white, so the fun is in the details: a yellow-orange neck on the emperor, yellow eyebrows on the rockhopper and a slate-blue back on the little blue penguin.

4. Learn the shapes

Copy a template freehand beside the printed page. The blog post has an easy step by step: artsydee.com/penguin-drawing

5. Make things

Christmas and winter cards, gift tags, classroom displays, window pictures, paper puppets and journal pages.

Love drawing?

Come and join me on Patreon

Patreon is where my weekly watercolour template sets go out to members: printed outlines with painted references, so you can see where the colour goes, plus Procreate stamps and palettes.
