Vision Board Words

Quotes & Stickers for 2027

100+ words, quotes & stickers to cut out · 12 printable sheets

How to use your sheets

Print, cut, choose your words and build your 2027 board

1 Print

Print at 100% (Actual size) on A4 matte paper or thin card, about 160 gsm. On US Letter paper, choose Fit to page. For real stickers, print the sticker sheets on full-page sticker paper.

2 Cut

Cut round each piece just inside the thin grey line, keeping a little white edge. Small scissors make the curvy stickers easy.

3 Choose your words

Pick one word of the year for the middle of your board, then a few phrases and quotes for your main goals. Fewer is better: three strong words beat thirty.

4 Build your board

Glue each word beside the picture it belongs to, and let the stickers tie them together: a little plane beside "see the sea", a mug next to "cosy nights in".
