FOR THE GROWN-UPS

Making a vision board together

1. Start with the dreaming pages

'When I grow up' and 'My Favourite Things' get them talking. There are no wrong answers, and their ideas lead.

2. Cut and choose

Colour the cut-out pages first, then cut out the ones they love (little hands may need help with scissors). Magazine pictures work too.

3. Fill the board

Glue a picture or a drawing into each of the six frames on the board page. Pop it on the fridge or the bedroom wall.

4. One small goal

Pick one goal for the top of the ladder and one small step for each rung. Small and doable beats big and scary.

5. Celebrate

Colour a star on the chart every time they practise, and give them the certificate when the board is done.

Printing your pages

A quick guide to the questions people ask me most. Keep it by your printer!

1 No printer?

No problem. Put the files on a USB stick or email them to yourself, then print at a library or a print shop (for example Ryman in the UK or Staples in the US). Ask for "actual size" on matte paper.

2 A4 or US Letter?

My pages are A4. On US Letter paper, choose "Fit to page" (or "Scale to fit") in the print box, so nothing gets cut off.

3 Too big or cut off?

Check the paper size in the print box matches the paper in your tray (A4 or Letter). Then choose "Fit to page" and turn off "borderless" printing.

4 Which paper?

Journal pages: matte paper, 120–160gsm. Covers and envelopes: thin card, if your printer takes it. Glossy paper is not good for glue or paint.

5 Watercolour templates

Only feed watercolour paper through a printer with a rear or manual feed (check its heaviest paper). Or print on ordinary paper and trace the lines onto watercolour paper at a sunny window or on a lightbox.

6 Print one test page first

Check the size and the colours on one page before you print the whole set. It saves paper, ink and tears.

7 Saving ink

Use "draft" or "economy" mode for background papers you'll write over, and print only the pages you need by typing a page range in the print box.

8 Booklet or two-up pages

If your kit has a booklet version, print it double-sided with "flip on short edge", then fold the sheets in half and nest them together.

9 No need to print at all

You can open the PDF or the image files on an iPad in an app like Goodnotes or Procreate, and journal or paint straight onto the pages.

Still stuck? Email me at info@artsydee.com with a photo of what's happening, and I'll help.

Happy making, Dee x · *artsydee.com*

FOR THE GROWN-UPS

Making your own board too?

The 2027 Vision Board Printable Kit has everything for a grown-up board: printable words and quotes, picture pages, stickers and goal planners.

It's on its way. You'll find it on the blog post as soon as it's ready.
